It contributes to safeguarding financial stability.

Its mission is to ensure an orderly resolution of failing banks with minimum impact on the real economy and on public finances of the participating Member States and beyond. Therefore, the SRB is granted with specific tasks and responsibilities to prepare for, and carry out, the resolution of banks that are failing or likely to fail.

The SRB is also responsible for managing the Single Resolution Fund, as established by the SRM Regulation, to ensure that medium-term funding support is available while a bank is being restructured and/or resolved.
